Dear Dennis:

Enclosed are copies of invoices from Manson Construction and Engineering Company. These represent work they performed for you on the interior of the shop. It had to do with supplying a tank in the building and hooking up.

We were billed separately by Manson, for labor and materials required to re-set the two lube oil tanks on the outside of the building. We had agreed to re-set these tanks as they were when you first arranged to lease the premises. I am enclosing a copy of the invoice we received, covering our part of the work.

If you have any further question regarding this, please call me.

Sincerely,

*C. Edgar McLaughlin*
